---	---	--

I give my permission for the staff of Weare Animal Hospital to examine and update my pet(s) vaccinations in accordance to the above policy.

2. Our flea policy: To keep fleas from being in our kennel, all pets are checked for fleas. If your pet(s) has fleas, they will receive a flea bath and a dose of Frontline Plus at the beginning of their stay. You will be charged accordingly. We do our best to eliminate flea problems, but you can virtually eliminate the risk of fleas and ticks by using Frontline Plus before or on the first day of your pet's boarding.

3. Our medical illness policy: One of the advantages of boarding your pets at an animal hospital is that veterinary attention is readily available should the need arise. If one of your pets becomes ill, we will call the emergency number(s) listed above regarding your pet's symptoms, treatment options, and estimate of additional costs. If no one can be reached, however, we will perform whatever medical or surgical treatment is needed for your pet. You will be charged accordingly.

4. Our medication policy: Please list the medications, dosage and frequency above in the 'Other' section. All medication's must be in original packages and/or bottles. **There is an additional surcharge of \$12.00 per day per pet for Diabetic management care.**

6. Holiday surcharge: Due to increased costs of staffing, we do charge a \$5 surcharge for Holiday Boarding.

I, the owner or authorized agent, will pick up my pet(s) and pay any and all charges (including unexpected charges that may occur in accordance to the policies above) incurred for this visit. Weare Animal Hospital retains the right to hold my pet(s) until all charges are paid in full.

If my pet(s) boarding schedule changes, I will notify Weare Animal Hospital immediately.
